

## Philomath School District 17J

### INCLEMENT WEATHER EMERGENCY ALTERNATE BUS ROUTES

With winter weather just around the corner, it's time to be thinking of slick roads as well as possible delays in school start times and/or canceling school. Sometimes road and weather conditions are such that closing school is our only alternative. Other times, we may still be able to operate but unable to run all of our usual bus routes.

In any case of inclement weather, we will broadcast a message on local radio stations or TV station KEZI-Eugene if school is canceled or we plan to delay the start time. You may also request to be notified via email or text message by subscribing to FlashAlert at <http://flashalert.net>. If we find it necessary to run a modified bus schedule, we will broadcast that too, referring to it as our "modified schedule". This information is posted on the school web site @ [www.philomath.k12.or.us](http://www.philomath.k12.or.us) - **Bus Routes**.

On the "modified schedule" the following roads will be omitted from our regular bus routes. *Pick up and delivery times are approximate; however the times will not be any earlier in the mornings than what is stated below.*
